

BETTER BUSINESS MADE EASIER

COMPANY PROFILE

QUU Textile Sourcing is a European based company which is known in the textile trade for supplying high end merchandise from, not only Pakistan, but Sri Lanka, Bangladesh, India and around the world, from the manufacturing unit to your door step at very competitive costs. We work with first-rate manufacturing units and have developed very strong business relationships with some of the topnotch suppliers across the world.

We genuinely understand the customer's need in this dynamic market and work as a buying/sourcing agent, being the link between customers and manufacturing units, promising to deliver the quality products globally. Our experts are determined to provide the best quality stuff on time, every time.

We deal in a complete product range from raw material to finished goods and from sampling of products to receiving the trial order from a client for production of actual orders. We ensure top quality at every step. We strongly consider timely execution of orders. Our fervent and committed team work round-the-clock to achieve the ultimate objective, which is Customer's satisfaction at every level.

QUU Textile Sourcing is the finest source to offer a full range of products and services of textile merchandise and promises to care about giving personal attention to individual customer's requirement. We have confidence, commitment and the expertise to offer the top global brands from all over the world.

Working with QUU Textile Sourcing will help clients control their buying across the world as purchasing from a neighboring street shop.

PROCESS FLOW

QUALITY ASSURANCE

QUU Textile Sourcing provides comprehensive services for all textile and apparel inspection to help you receive the highest-quality products. We have a skilled quality assurance department, who regularly conduct scheduled and surprise audits to suppliers to make sure the agreed quality standards. Our quality experts are well aware as the quality standards of superior brands like Zara, Guess, Primark, Mango and Bershka etc. so the buyer will get high-end quality products.

Our QA inspectors review the packaging list to ensure it includes overall carton count and carton numbers, carton dimension and weight, shipping label, style or shade identification and corresponding counts in the carton and packing slip.

During textile and apparel inspections, QUU Textile Sourcing conducts the following:

LABORATORY TESTING:

Laboratories are an extremely valuable component of our services and also facilitate the manufacturer – exporters to transact their business with guaranteed high quality. Laboratory services include:

FABRIC:

Construction particulars (counts, constructions and weight), Strength, Measurement and Seam performance based on customers' requirements.

ANALYSIS:

Flammability, Dimensional Stability (Shrinkage) to washing / dry cleaning, Appearance after washing /dry cleaning, torque, etc.

COLOR FASTNESS & GARMENT:

Colour fastness to washing, Perspiration and Light, Crocking. Dyeing houses are selected who are using human friendly dyes.

PRE PRODUCTION CHECK (PPC):

Excellence is assured by checking material components, accessories, specs and styling at this stage.

INITIAL PRODUCTION CHECK (IPC):

First finished products are checked against buyer's specification and prototype sample. Deviations are identified and immediately corrected.

DURING PRODUCTION CHECK (DUPRO):

Inspection during production is carried out to check and verify that the initial discrepancies have been rectified and to ensure the quality standard of production runs.
